2000 sqm of office  
space over one  
floor • 2004

## General ▼

- Newly merged accounting and financial planning organisation of approx 90 staff
- Assisted with change management to review work practices and relationships
- Building works : ~ \$ 2 Million

## Design Issues ▼

- Idea of public access to central reception zone, with annulus corridor around core, ring of principals offices and then open plan teams facing glazed outer zone with views of the Yarra River
- All staff can see the view and each other
- "Floating" office/ meeting rooms for share use
- Professional but inviting and non ostentatious reception
- Major re-think of filing and storage systems
- Different work practices of accountants and financial planners
